

How to come into school beginning Wednesday and some notes specific to the first two days:

- If in any way you are not feeling well, please stay home, have one of your parents call the office (233-5911) to excuse you and try to get better.
- If you are feeling fine, please self screen. The screening tool that we will be using goes through the Kent County Health Department. You and your child will receive an email with the link each morning. Please click the link, answer the questions, and follow the direction of the screening tool. There will be an optional opt in form for students to provide their cell phone number so that they can receive the screener through text. The school will be sending a message through email and text each morning reminding students and parents to complete the screener.
- You must be wearing a mask to enter the building. Masks are a requirement in the MI Return to school plan. Click [here](#) to see what types of masks are allowed.
- Parents and visitors are not allowed, so please plan to come in by yourself.
- Students may enter any of the doors on the north, south or east sides of the academic building between 7 and 8 a.m. If a student is going to arrive before 7 a.m. or after 8 a.m., please enter through the main office entrance. Students will report immediately to their house on Wednesday and Thursday.
- We know students don't know their house yet. Staff members will be in the hall helping students, or they may find their assignment hanging on the wall in several locations around the building.
- Students may bring some school supplies which they can put in their locker. Please make sure to bring the issued iPad. (If students did not get an iPad yet, you may do so after school Wednesday or Thursday.)
- Please be in uniform. Pictures are on Wednesday in case you do something different with your hair for pics :)
- Lunch will be served. There will be two cafeterias this year so students are safely distanced.

For students participating in distance learning to begin the year, there will be an Orientation on Wednesday at 3:30pm. Please look for a message about accessing the meeting in your email.
